

# infinite possibilities

You are invited to a **FREE** health and wellness seminar.

## **Pamela Manning, MS., RD.** Senior Manager, Shaklee Health Sciences

Pamela Manning is a Registered Dietitian with a Masters Degree in Human Nutrition in Health and Disease. She has over 23 years of professional experience in the field of nutrition and has been part of the Shaklee Health Science Team for over 13 years. Her current responsibilities at Shaklee include helping to develop products that are safe and effective and educating consumers about the scientific integrity behind Shaklee products.

## **Come and hear Pamela Manning talk about the power of nutrition and healthy lifestyle choices that can help change your life starting today!**

Today's health care crisis is largely attributable to the cost of preventable conditions. Pamela Manning will provide current research and health information about nutritional supplementation as well as the benefits of Rx for a Healthier Life™. Hear Shaklee success stories and gain a strong understanding of why Shaklee is the company to choose for your supplement needs.

*"Based on the creation of a multi-generation income opportunity and on 50 years of proven science and success in the formulation of the best natural health products in the world, Shaklee is proud to provide an economic opportunity to millions of people."*

Shaklee Chairman and CEO Roger Barnett

At the end of the health science seminar, we invite you to hear a success story about the Shaklee economic opportunity and how Social Marketing™ works. After you've heard our presentation on Friday night, come back on Saturday for Excite to learn how you can build a successful business, earn trips, and much more. Register through the person who gave you this flyer.
